Divorce & Remarriage The Trojan Horse within the City

God has given us His word in which we can thrive if we will only follow His leading. We strive to reach individuals, as many as possible with the word of God through our communication assets. We currently have the Marriage Seminar by Dr. Joseph Webb on our website and it is available in other languages as well. The hundred or more messages by Dr. Webb are also available for listening and contain many subjects based on Biblical principles.

I encourage you to access these messages so that they will be a tool for you to pass along to others who would benefit from the Biblical teachings in yours and others lives. God's word does not return void. Paul's challenge to Timothy reads:

Thou therefore, my son, be strong in the grace that is in Christ Jesus. And the things that thou hast heard of me among many witnesses, the same commit thou to faithful men, who shall be able to teach others also. Thou therefore endure hardness, as a good soldier of Jesus Christ.

II Timothy 2:1-3

Just as in Paul's time we Christians need to be faithful and to teach others the truth of Scripture in obedience to God's word. It is our treasure which we should share with others rather than bury it as written in the example of the talents as stated by the Lord in **Matthew 25:14-30**.

We need your help in sharing these messages which are recorded and the books **"Til Death Do Us Part"** in Spanish and English, which are readily available. **"The Trojan Horse"** is also available in Spanish.

There are approximately 100 messages by Pastor Webb available along with newsletters drafted by him, which contain other insights into the word of God. In addition, it is imperative, through all these avenues of outreach that we must secure legally, the accuracy and origin of the recorded and written materials. We need your continued prayer and support to do so.

All ministry assets are used to the glory of God. Please pray for us in our effort. We would love to hear from you. We welcome your inquiry and response.

Christian Principles Restored

for Marriages

Thousands of families have been strengthened and restored to a solid scriptural foundation through the teachings of Dr. Joseph Webb.

In C.P.R. for Marriages, Dr. Webb presents a scripturally balanced approach to identify the errors of most present day teaching. He reveals the destructive influence these errors have had on the Body of Christ. His study on the sanctity and permanence of the marriage covenant is hermeneutically and Biblically solid.

Christian Principles Restored

for Christian Families

Dr. Webb presents practical Biblical Principles for families which are both relevant to their daily lives and entertaining in their application.

His emphasis is to show that our walk with God is not about us but is to be lived in a way that will bring glory to God and His kingdom. At the same time it brings Godly peace and purpose to those who will follow Christ.

Christian Principles Restored

for the Church

Christian Principles Restored, was created with the goal of reestablishing true biblical principles in the Church concerning courting, marriage, divorce, and solid permanent homes and families.

This is a faith ministry, supported solely through the gifts and free-will offerings of faithful Christians.

As we stated in the introduction, today, we are faced with a similar dilemma. We are confronted with a secular (humanistic) worldview which Joel Belz, Founder of the well-known World Christian news magazine; calls “nominalism,” and you might well conclude it as being “practical secularism.” If we are to hold to a biblical worldview concerning divorce and remarriage, the question must still be answered; Whom shall we then believe?

Should we believe Jesus, Paul, and all of the earliest Church Fathers, or should we believe Erasmus and the Reformers? It was Paul who commanded Timothy, **“Follow me even as I also follow Christ,” I Corinthians 12:1.**

This critical question must be answered because of the devastating consequences the present-day teaching has brought upon the Christian community.

Paul received his message directly from Jesus Christ and passed it on to Timothy so he could pass it on to “faithful men.” **II Timothy 2:2**

The position of the earliest Church Fathers and the position of Erasmus and the reformers are in total opposition to each other, so both cannot be right.

Whom shall we then believe? That question must be answered by each of us individually.

Every verse of Scripture relating to marriage and divorce when properly exegeted, comes into total harmony historically, hermeneutically, exegetically, and doctrinally. It is imperative for us to see how far the Church has strayed in its present-day teachings from God’s eternal purpose for marriage. Study it with your Bible open. Get its truth down into your heart and lovingly warn others before it’s too late.

We need your prayers and help in distributing books to individuals and Christian’s book stores. Please use the form below. Thank you for your gracious support.

FAVORITE TRAVELS

Some of my favorite travels have been through the farmlands of the United States, enjoying the view of acres, and acres of crops. It brings tears of joy and appreciation for the farmers, the planters, and those that service the farms when the potential outcome of their hard work to produce a thriving crop is realized. The sower is well aware of the dangers, perhaps the lack of sufficient rain or poor weather that would destroy the harvest and create a loss of income. The success story is not told until the crop has matured and is harvested!

While driving by homes, you always wonder "who lives there." Just as with the farmer planting his crops, when a man and women get married and have children, and run into difficulty; The result will be much the same as the farmer and his crop in that ground. There is great destruction in families that to proceed to divorce rather than deal with the problems. The children are punished for something with which they had no part. The entire family is punished financially. Children are often raised by someone other than their parents. How can we expect a thriving crop of families when we allow the destruction early in the growth process? I was listening to a news program recently, and to my surprise there was a gentleman who is very well known internationally in the business world, speaking regarding the potential Economic governmental changes, which might affect the income of the average family. In the conversation, it was men-

tioned by the interviewer regarding the stress on the family finances. The gentleman immediately, responded that is because of the high rate of divorce in America. He said the divorce rate was about 50%. He also said divorce is one of the worst and most costly decisions people make. He said in the divorce that the party earning money would probably have to give up about 50% of their money to the divorcing party and hence now they each are trying to live on about 50% of the total income and causing great stress and unrest in a family and in the public at large. He said it's not financially the smartest thing for anyone to get a divorce! He said if you're having trouble in your marriage, have enough sense to sit and work out your problems and get your finances steady and it takes a lot of pressure off the couple and the entire family!

There are so many similarities when we consider the farmer the families and the difficulties that each can experience and can potentially gain control with better decision-making. When we think of the sower, taking precautions with good seed and seeking God in prayer. When we think of the dangers: before planting or marriage, give consideration to the outcome and take all precautions. When we think of the harvest: farm and family need proper care and feeding. The success or failure takes great care and prayer by everyone involved.

UPDATE FROM LATVIA

The message of divorce/remarriage is spreading. People here have many, many questions. Some books have also reached some Latvians abroad. I know that some people who have read the book have been deeply touched. They want to have a deeper relationship with the Lord. They have realized the seriousness of the decisions they make.

Some weeks ago one known Pastor said to me he was divorcing and we gave him the book.

I was shocked recently driving in Central Florida. I became aware of a billboard message that flashed in front of me. The message was:

"If you marry again after divorce, it is a sin!"

Needed Fathers with Turned Hearts

by Dr. Joseph Webb

*Behold, I will send you Elijah the prophet before the coming of the great and dreadful day of the LORD:
And he shall turn the heart of the fathers to the children, and the heart of the children to their fathers, lest I come and smite the earth with a curse.*

Malachi 4:5-6

This message is packed full ("to the brim") and gived the hearer a practical Biblical teaching to consider and apply. Many hearers have testified to personal life changes to their children and their children's children by his teachings.

This teaching and other subjects can be found free of charge at
